## Cigweld CutSkill Blowpipe System

The CutSkill Blowpipe is an economical alternative to the Comet Series.

Manufactured to a high standard with safety of the operator in mind, it can be used with complete confidence for a wide range of applications including fusion welding, braze welding, brazing and hand cutting.

Use in conjunction with the CutSkill cutting attachment as shown below.

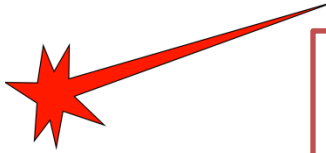

### Features

- Handle shape gives comfortable grip
- Non rotating valve spindle minimises wear
- Left hand/right hand threads ensure correct connection of gas supply
- Colour coded control knobs are fitted for maximum safety
- Locking teeth provide secure positioning of attachments with hand tightening
- Ideal for the tradesman, contractor & handyman

<b>GAS TYPE</b> 	<b>Gas Type</b> Blowpipes are designed for use with Oxygen and all fuel gas types (Acetylene and LP Gas)*
<b>MAXIMUM CUT</b>  150 mm	<b>Maximum Cut</b> This equipment is suitable for producing cuts up to 150mm thickness
<b>WARRANTY</b>  1 YEAR	<b>1 Year Warranty</b> This equipment is manufactured to stringent CIGWELD quality standards and is backed by a conditional One Year warranty*

\* Refer to operating manual for details

Part No.	Description	Fuel Gas Type	Connections	Weight
