

WeldSkill MIG Welding Guns

The range of Tweco® Weldskill MIG guns provide excellent performance and ergonomics. With renowned Tweco® quality, the range is available in 150, 250 and 400 Amp versions in either Tweco® 4 or Euro style back end connections.

Weldskill MIG guns combine Tweco's proven quality and reliability with maximum comfort for light to medium duty MIG welding.

WeldSkill 150 Amp MIG Gun

Features:

- 150 Amp air cooled
- 60% duty cycle (CO₂ Gas)
- Metal jacket conductor tube
- Front and rear spring strain relief

Torch Specification

Part No.	Length	Backend Connection	Duty Cycle	Contact Tip Styles	Contact Tip Style	Wire Dia. Range	Cooling Type
FAB150T10	10ft (3m)	Tweco 4	150 @ 60%	11 Series Tweco	0.9mm	0.6-1.2mm	Air
FAB150X10	10ft (3m)	Euro	150 @ 60%	11 Series Tweco	0.9mm	0.6-1.2mm	Air

WeldSkill 250 Amp MIG Gun

Features:

- 250 Amp air cooled
- 60% duty cycle (CO₂ Gas)
- Metal jacket conductor tube
- Front and rear spring strain relief

Torch Specification

Part No.	Length	Backend Connection	Duty Cycle	Contact Tip Styles	Contact Tip Style	Wire Dia. Range	Cooling Type
FAB250T12	12ft (3.6m)	Tweco 4	250 @ 60%	14 Series Tweco	1.2mm	0.6-1.2mm	Air
FAB250X12	12ft (3.6m)	Euro	250 @ 60%	14 Series Tweco	1.2mm	0.6-1.2mm	Air

WeldSkill 400 Amp MIG Gun

Features:

- 400 Amp air cooled
- 40% duty cycle (CO₂ Gas)
- Metal jacket conductor tube
- Front and rear spring strain relief

Torch Specification

Part No.	Length	Backend Connection	Duty Cycle	Contact Tip Styles	Contact Tip Style	Wire Dia. Range	Cooling Type
FAB400T12	12ft (3.6m)	Tweco 4	400 @ 40%	14 Series Tweco	1.2mm	0.6-2.0mm	Air
FAB400X12	12ft (3.6m)	Euro	400 @ 40%	14 Series Tweco	1.2mm	0.6-2.0mm	Air
