

# Markal<sup>®</sup>

High Performance Industrial Markers

## **Silver Streak<sup>®</sup> Metal Marker For welding, metal layout and fabrication**

Markal Silver-Streak metal markers are ideal when highly-visible, torch-resistant marks are required during metal layout and fabrication work. The unique reflective lead is more visible through a welder's filter plate and will not rub, burn or blow off like soapstone. Marks on all metal, including oily or wet surfaces.

### **FEATURES/BENEFITS:**

- Marks on oily, wet or rusty metals, and will not scratch or abrade surfaces
- Available in flat and round shapes
- Durable, mechanical holder prevents stick breakage and features a convenient, built-in sharpener and pocket clip for easy storage.
